Popper's Corn Contest

Will again take Place at Versailles Street Carnival. Surely will be the Greatest in the History of Morgan County.

The corn crop of 1906 is one of the greatest in the history of Morgan County. J. Ed. Morris, one of our prominent stockmen, was in Monday, and stated that he would enter some of his stock at our street fair next week. He carried off several premiums at Bunceton. He also entered in some of the events at California, but claims he didn't get a "square deal," and simply pulled out and brought his stock home.

"You never miss the water 'till the well runs dry." And it is that way with the electric lights when you don't have them, after you do have them. On Monday it was necessary to clean out the furnace and make other repairs at the electric light plant, hence no electric lights Monday night. DR. WOODS, President.
DR. LUTMAN, Secretary.

Chairman Lutman and Secretary Schanep attended the meeting of Republican county chairmen and secretaries at St. Louis last Saturday, and report the biggest kind of a big time, and that arrangements were completed making it a sure thing that Missouri will remain in the Republican column, where she rightfully belongs, in November. They also reported that the big Bryan crowd of a few days previous had made St. Louis a dry town, from which it had not entirely recovered, but this was no inconvenience to the "boys," as they are both strictly temperate, but it was a test of endurance to the other "boys," especially those from Democratic counties.

A stranger was up one day last week to consult Attorney John F. Gibbs on legal business. When the aforesaid stranger departed he was jingling two silver dollars together. Now, one of two things happened, the stranger had a big wad when he went in, or Attorney Gibbs failed in his duty in letting those silver dollars get away. John has a tender heart, for a "legal book agent," and it may be there was a reason.

Postmaster J. W. Mills has installed a new and up-to-date machine, which will greatly facilitate the distribution of the mail, more especially the rural routes. He will also take out the old lock boxes and install in their stead the latest automatic lock boxes, and place screens over the partition, so that on holidays, &c., the lobby can be left open for the convenience of those owning lock boxes. Our genial postmaster is always progressing and accommodating, sparing neither time or expense in making it pleasant and convenient for the patrons of the office. When interviewed on the subject, Postmaster Mills remarked with a smile: "Well, when the improvements are completed, we'll have the finest postoffice in this city."
